

YOU CAN HELP A CHILD SMILE— FOR A LIFETIME!

Your Close To My Heart Consultant can show you how

Close To My Heart invites you to join with us in supporting Operation Smile, a non-profit organization whose medical volunteers around the globe correct facial deformities for thousands of children. There are several ways you can help in this worthy, life-changing endeavor:

- Round up your order total to the nearest dollar and donate the difference.
- Purchase My Acrylix® stamp sets. Close To My Heart donates a portion of the proceeds from every stamp set sold.
- Donate your loose change, or make a contribution of any size.

Close To My Heart is committed to making a meaningful difference in people's lives—and not only through the joys of scrapbooking and stamping. We want every child to have happy, life-long memories; ones filled with joy, acceptance, and love, unmarred by a cleft lip or cleft palate. We have raised our annual contribution commitment this year to \$150,000 for Operation Smile—that's nearly 600 surgeries, an entire schoolyard of miracles! Please open your heart and help us make a difference.

OPERATION SMILE PROGRAMS

International Medical Missions

- Has more than 30 medical mission sites in 26 countries.

US Care Network

- Provides a network of resources to assist families in the US who have children born with facial deformities.

Education

- Provides a framework for its partner countries to share knowledge, technology, and skills.

Chapters & Foundations

- Has Global Resource Chapters that raise funds and awareness to support its programs.

Student Programs

- Has more than 500 Operation Smile Student Associations around the world that build awareness, raise funds, and educate students.
